INSTRUCTIONS

1. Use a pen to trace on the NCR pattern by pressing firmly while tracing over the design. You'll trace right over the letters.
2. Fill in the "skin" with 3 coats of your desired skin color. For this sample we used Beachcomber.
3. Paint around the hand to fill in the background with 3 coats of Caribbean Surf.
4. Add water to Licorice paint, add 50% water to 50% paint. Use a detail brush to outline the hand and add line details (see the pattern to help).
5. Use the detail brush to apply 3 coats of Blue Lagoon to the letters.
6. Finally use a medium brush to paint in the handle with 3 coats of Blue Lagoon.

TIPS

- 3 coats of paint will give you a solid color.
- Use the pattern as a guide when adding the lines to the hand.
